Customization

Designed to individually fit your team's style

Quality

Our uniforms are to perform in the most competitive environments

Price

The best bang for your buck in sports uniforms

Turn Around Time

Typical orders are received 3.5 - 5 weeks after order is placed

About Us

Initially, Moneyball Sportswear wanted to make uniforms that didn't look like everyone else's — not the standard. We started providing unique, 100% customizable uniform options so that teams could display their personalities on the court and field in unison. Uniforms that weren't just different color schemes or different lettering, but unique to the respective teams.

We were founded in 2002 by owner Desmond Ferguson, a University of Detroit-Mercy graduate and former NBA Professional Basketball Player. We like to think of ourselves as being the advocates of individuality in the sports uniform market. Although we started out with a goal to dominate the team apparel industry, we have the same passion when it comes to our men's, women's, and youth retail items.

Our mottos are simple: Grow With Us... Moneyball, The Only Way To Ball.

We value community and giving back to those we serve. Some of our more well-known efforts are in sponsoring free athletic summer camps and our annual "Socks for the Homeless" campaign. Our mission is to provide the highest possible quality sportswear at an affordable price point, where every single person that is aspiring to be an athlete on any level can feel comfortable and look good while wearing Moneyball Sportswear items.

We thank YOU for all the support and for the opportunity to be a valued business in the community and beyond.
